

CCCAOE's Fall 2020 **VIRTUAL EXPERIENCE** is shaping up to be a powerful ground breaking event for CCCAOE. The experience will kick-off with the traditional 3 days but will continue for several weeks with Webinar Series, Panel Discussions and more. Extending beyond the 3-day conference will allow for greater impact and learning. With our Virtual platform, presentations will also be available for review for one year. This will allow attendees to go at their own pace and revisit key pieces that benefit their work and campuses.

In order to offer timely and relevant content we want to hear from you.

Do you know someone that has a knack for engaging students online; expertise in collaborating with others; a promising practice or resources that won't require purchasing a program; a promising office practice that classified, faculty, or managers would benefit from; or partnerships with K-12 programs?

Invite them to submit their idea for the Fall 2020 Virtual Experience Breakout Sessions. Looking for those diamonds in the rough to spread positivity, and develop skills for Career Education Professionals.

Key Topics: Leadership, Workforce Development Partners, Student Success, Guided Pathways, Teaching Online / Virtual Labs and Mental Health.

Below you will find everything you need to know and how to submit proposals. We hope you will join us in being a part of this exciting new event..
