Join CCCAOE for a Community of Learning (CoL) for 6 weeks as we continue our journey towards DEI. In this CoL we will begin with equity in mind and a deep dive into racial equity through the lens of conscious leadership. Participants will engage in great conversations to support their transformation of what it means to be a conscious leader. We will have discussion topics each Wednesday to deepen our understanding of Racial Equity and Conscious Leadership with a DEI lens to support a system-level to advance equity. Participants will be invited to a free course from C.A.R.E. (Coalition on Anti-Racism Education) networking collective entitled, CCCAOE DEI Community of Learning, moving from theory to action: Racial Equity and Conscious Leadership Series. The course is a 6-week, asynchronous course filled with opportunities to learn about the historical context of racism in the USA and how history has affected the world of education and the workforce. The course has toolkits and additional resources to support building a classroom, campus, and personal approach to embedding DEI into all areas of work.
